## Kendal at Oberlin is 25

### KatO's "Souper Supper" Fri., Oct. 5 - 5:15pm

The Souper Supper tradition began in 2009 by serving a simple supper and placing soup kettles around for resident contributions to OCS, with Dining Services contributing the money saved on the less-elegant dinner.

Soup pots will be out ALL DAY on Friday, October 5, to collect your cash or check donations (made out to Oberlin Community Services) to help with emergency assistance programs at OCS. Please give generously to support OUR community. ~Janet Kelsey Werner

### Gala 25th Anniversary Banquet Sat., Oct. 6 5:00-7:30pm

Time to celebrate! Appetizers will be served in Heiser Lounge. About 50 people will be seated every 15 minutes, starting at 5:15pm, in the Langston, Fox & Fell, and Heiser Auditorium. Your seating time and place is on the confirmation placed in your open mailbox on October 1.

### Be Sure to Attend the Annual Benefit Concert for Homeless Families

#### ORGAN-izing BRASS, VOICE AND VIOLA Sunday, Oct. 7 - 3:30pm - First Church

The annual benefit concert for homeless families in Lorain County is organized by and features Jonathan Moyer, new chair of the Organ Department. Also starring Roy Poper, trumpet; Lee Allen, trombone; Lorraine Manz, mezzo-soprano; Tim LeFebvre, baritone; and Kirsten Docter, viola, the program offers a variety of exciting selections in ensembles rarely heard in Oberlin. These artists are donating their talents to aid homeless families. **Sign up for the Kendal bus.**

#### Concert Tradition Continues While Family Promise in Transition

Each year a concert has been organized to assist Family Promise of Lorain County, a non-profit organization that has worked with professional staff, Kendal, churches, and many volunteers to feed and accommodate day and night those families in this community who need temporary help. Family Promise is presently looking at ways to meet its current challenges and is considering a possible new model of care. This time of transition is devoted to asking what is the best, most efficient way to continue helping homeless children and their parents. At this critical time, donations at the concert (or independently to Family Promise Day Center, 440 W. Lorain St., Oberlin) are appreciated. ~Carol Longworth

## KNOW YOUR KORA COUNCIL

**Kendal Value:** *TO TAKE RESPONSIBILITY IN THE LARGER COMMUNITY, maintaining extensive and mutually supportive relationships and sharing our resources and experience.* Kendal Values and Practices Booklet, p. 4.

It was truly amazing to have so many in attendance at September's KORA meeting with such a beautiful blending of residents old and new from all parts of our community – apartments, cottages, and the Stephens Care Center. It was exciting to be in our newly renovated auditorium. All present appreciated the hard work of Facility Services staff, contractors, AV/Media Group, resident volunteers, and particularly Dennis Cook and Rey Carrion for bringing this project through on schedule. We have a beautiful functional space which will serve us well for many years to come.

The reports from Council committees, liaisons to standing committees and subcommittees, 25th Anniversary coordinators, and other residents demonstrate how seriously the value to share our resources and experience both in and outside Kendal is and how extensive our connections and support of one another are.

Fall is an enriching and busy time in Oberlin and at Kendal. There is so much to savor and do. Please continue to check the 25th Anniversary photo display and events calendar outside Langston, read your *Kendalight*, look at WKAO daily, and compare notes with your neighbor to keep up to date with all that is happening. Also, for information, look at the KORA Bulletin Board and check out the KORA Resident Manual in front of it. There you will find Council meeting minutes, committee descriptions, a list of chairs and conveners of committees and special purpose groups, and more.

~Ann Francis, KORA President

## KORA Annual Reports Due October 15

Each October all of the groups related to KORA (Committees, Subcommittees, and Special Interest Groups) make annual reports of their activities for the present calendar year. These reports are essential to our Kendal at Oberlin community for several reasons.

- They inform KORA Council and our entire community of the many activities that are being carried out.
- They aid the work of the Coordination Committee of KORA in overseeing and harmonizing the work and activities of the various groups.
- They provide each group an annual opportunity to review its ongoing purpose, its current activity, and its plans for the future.

The KORA Coordinating Committee is now sending out report forms with a cover letter. The form will be delivered as a Word document via email and is to be returned in the same manner. Any chairperson or contact person who does not use email and needs a paper report form should contact Coordination Committee Chair, Gary Olin.

## Art Gallery News

All three September art show receptions were well attended. At the August reception for the work of David Soltész displayed in the Friends Gallery, Tom Konkoly gave an exceptional talk on the life and art of David, with one of the largest reception audiences in memory.

The reception for the Community Gallery show of art by persons in the Grafton Correctional Institution was attended by about 60 residents who heard several officials from the GCI speak about the Creative Arts Program there. We were fortunate to have Warden LaShann Eppinger; Eric Gardenhire, director of the creative arts program; Dessie Cheers, founder of the CAP; and other staff of the GCI at Kendal for this event. All spoke movingly of the importance of the program for the men at the GCI and of the importance of publicly exhibiting the art at Kendal. The Art Committee looks forward to a continuing relationship with this vital program.

At the reception for the Kendal Gallery show of the County Fair photographs of Stephen Tomasko, we learned that most of his photographs were taken in the early morning when the light was best and before the fairgrounds became too crowded. All were candid shots of interesting events or people as they caught his eye, without cropping or altering in any way.

## Indigenous Peoples Day Monday, October 8

**Noon-1:00pm:** Vigil of Celebration on SW corner of Tappan Square.

**4:00-8:00pm:** Gathering, Four Directions Ceremony, Processional around Tappan Square, Thunder Nation indigenous drummers, Taiko, and African groups from Oberlin College.

**25** All of our galleries now have special displays as part of the celebration of Kendal at Oberlin's 25th year. The **Kendal Gallery** offers an exhibit of documents, posters, and photographs that trace our community's history from early planning meetings through construction to connections with the college, activities, and service to the community through the years.

Both the **Community** and **Friends Galleries** are exhibiting displays from Kendal committees and interest groups arranged in a modern quilt design that echoes the Founders Quilt. The many posters, photos, programs, brochures, paintings, and historical data show what the more than 100 committees and other resident groups have accomplished during the past 25 years.

As part of our 25th Anniversary celebrations, two special exhibits were in downtown Oberlin. At FAVA, works by 35 Kendal resident artists have been installed in the smaller South Gallery, where they will remain until October 28. The works include paintings, watercolors, photographs, quilts, collages, ceramics, a drawing, a mobile, an art doll, an embroidered piece, and a lace collar. For two weeks in September, an additional display was on view at the Mudd Library. It consisted of photographs showing Kendal's connections with the college and the community.

All of these exhibits affirm how Kendal residents have created a wonderfully vibrant cultural, intellectual, and social life.

## More About Kendal Residents

### Barbara Green

I was raised around the Pittsburgh area and loved playing trumpet in school, church, and in community events. I got my Bachelor's Degree at University of Missouri in Agricultural Biochemistry and played in marching band, orchestra, and brass choirs throughout my undergraduate studies. I moved with my husband to Santa Barbara, CA, and got a Master's degree in Chemistry at University of California at Santa Barbara. My primary interest was in enzymology, and I worked at UC San Francisco, the Cancer Institute at Deaconess Hospital in Boston, and then at Merck & Co in New Jersey where I remained until I retired. I still loved music but got the opportunity to only play a little. I devel-

oped a great passion for gardening over the years of home-owning and for 40 years maintained a two-acre yard. I have down-sized to an apartment and it is filled with plants.

Throughout the years, I always had one to three dogs and love being around animals, although I do not have any pets now. I have always lived near a university and have taken courses in science and business. I recently sold my half of a partnership which owned and managed 34 rental units. My part in the partnership was financial management since I have an MBA.

My only family is a sister and brother-in-law in Greensburg, PA, and last year I moved to be near them after selling my home. I swim daily since walking and hiking are not so easy for me as they once were. I hope to find a retirement community to enjoy my leisure years and to stay active and learn new things.

## Kendal Resale Shop Talk

*Benefitting Kendal Residents Assistance Fund and Community Charities*

Lingering warm weather caused us to extend our special end-of-summer clothing sale through the Labor Day weekend. After that, we cleared off all the clothing racks in the Shop to make room for a special sale that focused on fall and winter coats and jackets. (We had accumulated a sizeable inventory of donated cold-weather outerwear over the spring and summer months.) I'm pleased to report that both our special sales were very successful.

Now that the cooler weather is here, our Shop is featuring fall and winter clothing again. Almost every day, we put out more wonderful bargains for resale. Come refresh your wardrobe!

KRS deposits to the Residents Assistance Fund for the month of August totaled \$3,707.50. Thanks to all our donors and shoppers!

**DID YOU KNOW?** For safety reasons, we cannot display kitchen and other sharp knives for resale in our KRS showroom. (A kitchen knife is any knife that is intended to be used in food preparation, such as a chef's knife, paring knife, cleaver.) Whenever such knives are donated to KRS, we post an announcement on our bulletin board so interested buyers can call us to view and purchase them.

**THANK YOU!** Keep those donations coming and keep shopping the KRS!

## KatO Artists, Writers, MANA Shine in State Competition

Kendal at Oberlin residents joined in the 25th Anniversary of the LeadingAge Ohio Art & Writing Show in Columbus on August 30. LeadingAge Ohio is part of the national advocacy group for retirement homes and communities. The state competition showcases the vast art and writing talents of senior citizens throughout Ohio.

Our winners were: Cooperative Art, Kendal's Clay Workshop, 3rd place, with Elfin Inn, created by Jill Wettersten and Joyce Parker; Photography, Paul Schwaegerle, 1st place, Lone Boat Off Digby Neck, and Linda Grashoff, 3rd place, The Dumpsters of Oberlin 71; Computer Art, Paul Schwaegerle, 3rd place, A Gull's World.

Many more Kendal residents participated in the show: Anne Martin and Joyce Parker in Prose and Non-Fiction; Don Parker, Joyce Parker, and Barbara Evans in Fine Art 1 and 2; Ruth Schwaegerle and Joyce Parker in 3D Art; Kathy Caldwell in Computer Art and Photography; Mary Louise VanDyke in Woven Arts; Janet Kelsey Werner in Needle Arts; Mary Louise VanDyke, Joyce Parker, and the Flower Arrangers in Cooperative Art.

Congratulations to all the KatO winners and participants whose pieces of art and writing were exhibited in this year's LeadingAge state show!

Kendal's MANA (Management Assistance for Nonprofit Agencies) won the state award for Excellence in Volunteer Service by a group. The MANA group coordinates retired volunteer seniors for business consultation in Lorain County. Founded in 2003 by Don Illig and led by Dick Baznik since 2010, the group responds to the needs of nonprofit groups in the community. *~Harol Pesuit*

## 25 10th KORA President: Nancy Hultquist 2009-2010

Nancy was elected KORA president in 2009 after serving one year on Council. During her two years as president, the website took off and Souper Suppers were started to raise funds for Oberlin Community Services. Nancy made a special effort to reach out to other Kendals, and information sharing from them became a regular part of Council meetings. A joint health newsletter was produced with Kendal on Hudson and shared with Lexington. There was discussion about developing a dog park and maintaining the never-fully-functioning coffee machine for making lattes. Moving KORA Council meetings to Heiser Auditorium made them more interactive and accessible, and attendance continued to increase. Nancy began using the Elmo for projecting important items on the screen at KORA meetings. She worked hard to ensure that residents received updates and information from administration about finances, occupancy, and other matters. She believes strongly that residents need to make decisions about activities that affect our lives. KORA is the place where this happens and where residents take the lead.

Nancy and her husband Don moved into Kendal in 2002 from Ann Arbor, MI. She was trained as an occupational therapist but was sidetracked by many moves, the raising of five children, and a "temporary" position as church secretary which she held for 19 years. She was the first editor of *Eureka!* and produced the health newsletter for many years. She headed the Genealogy Interest Group, and has done extensive genealogical research and written a book on her ancestry. She loves all kinds of crafts, traveling, swimming, and dancing, and she enjoys being a grandparent. She has long been active in the peace community. She continues to contribute to the Association and most recently worked with other residents wiring lights for Heiser Auditorium.

Thank you, Nancy, for your service as president and your continuing commitment to KORA!

## From The John Bartram Arboretum: Our Third Birthday

The creation of an arboretum on the campus of Kendal at Oberlin followed a conversation over dinner between two resident couples in the summer of 2015. Why not gather others to work together on sustainable urban arboriculture, creating a landscape for enjoying nature's beauty right where we live? We quickly found support from KatO administration, KORA, and its residents to move ahead. As a community based on Quaker values, we decided to name the arboretum in honor of John Bartram, the Pennsylvania Quaker and friend of Benjamin Franklin who is known as America's first botanist. He sent the American Tulip Tree (*Liriodendron tulipifera*) to Europe, and it created a sensation when it was first seen abroad. Since it was also right for our climate and soil, we chose it as our signature tree.

The process of becoming an arboretum was formalized in December when The John Bartram Arboretum at Kendal at Oberlin was accredited as a Level I arboretum by ArbNet, joining Kendal at Longwood and Crosslands as continuing care retirement communities with arboreta.

Since then the committee has:

- Raised funds to support arboriculture from donations, KORA, a 2015 Kendal Charitable Funds grant, a 2016 ArbNet 5th Anniversary Capacity Building grant, and a commemorative tree program
- Placed interpretive tags on trees
- Developed outreach programs with the Kendal Early Learning Center, the City of Oberlin, the Departments of Environmental Studies and Geology at Oberlin College, the Ohio Independent Arborist Association, and the Ohio Division of Forestry
- Established a tree nursery to enlarge and diversify our collection
- Established an assessment system whereby each tree planted is regularly evaluated

- Developed a Sustainable Urban Forest Management Plan
- Embarked on the construction of a web-based geographical information system (GIS) map of the arboretum
- Created the first in a planned series of interpretive tree walks

As a three-year-old in a wonderful family, our Arb is full of enthusiasm, trying to run at full speed but somewhat unstable on its feet, learning at a fast clip, yet in need of guidance and resources. We welcome your support as we celebrate our first three years and embrace the future of our land and our trees.

~Anne Helm for the Arboretum Committee

## Nest Box News

The Kendal nest boxes had a banner breeding year! In a box just across the New Russia Township line near Rock Pond, Eastern Bluebirds successfully fledged a brood of four chicks. Most amazing, the nest box by Meadow Pond fledged two successive broods of Eastern Bluebirds for the first time! These broods of four chicks fledged bring Kendal's total to 12 Eastern Bluebird chicks successfully reared in our nest boxes.

There were also several American Tree Swallows nesting in our boxes – one of the nests by Island Pond always attracts them as they love flying over the water catching insects. But the lawns also stir up insects, and the nest boxes along Wildflower Hill also hosted tree swallows. Our diligence has been paying off!

## Monthly Dementia-Friendly Discussion Group

**Thurs., Oct. 25 - 10:30am  
Green Room**

When I visit a resident in Stephens Care Center, I don't ask "How are you today?" Instead I introduce myself and explain who I am. Then I comment about something in the room like an art piece, quilt, or pottery vase. These things are very important to their owners and I usually get a response. If not, I comment on something else.

**STAY CONNECTED!**

## 25 Watch for these special events yet to come:

**Wed., Nov. 7, 2:30pm** The John Bartram Arboretum will host a special planting of its signature American Tulip Tree to celebrate our 25th Anniversary.

### Table Tennis Reopens

After a one-month break, on September 17 table tennis returned to the now relit auditorium. That same day saw visiting coach Doyle Harbaugh back to putting a good half-dozen players through their paces. Once again, thirteen turned out, matching our average per session during the past months.

Several new residents, whom curiosity led to our click-clack, knew – prewarned – that we call our sport table tennis. One remarked that he'd first need to sharpen his reflexes. But the sharpening occurs as we practice, without strain at home or elsewhere.

If you're looking for improved endurance, better "ping pong" skills, and lots of fun in the process, join the table tennis circle!

### Scripture Contemplation

The Lectio Divina group, now called Scripture Contemplation, meets at 3:00pm in the Whittier Lounge on the first and third Sundays of the month.

Lectio Divina is a Latin term meaning “divine reading.” It is a way of reading Scriptures in which we gradually let go of our own agendas and open ourselves to what God has to say to us. It’s a natural movement toward greater simplicity, with less and less talking and more listening. Gradually the words of Scripture begin to dissolve and the Word is revealed before the eyes of our hearts.

Lectio Divina may involve discussing the implications of the Word of God for daily life, but it cannot be reduced to this. As a way of praying the Scriptures it has been a fruitful source of growing in relationship with Christ for many centuries, and in our own day it is being rediscovered by many individuals and groups. The Word of God is able to transform each of us if we open ourselves to receive what God has to give us.

If you are interested, you are always welcome!  
~Milt Ellis

### Food Composting Trial

The Environmental Concerns Committee is launching a two-month (October-November) trial to see if residents can reduce the amount of garbage we send to the landfill by composting the food waste produced in our cottages and apartments. The Kendal kitchen already sends all its food waste to Barnes Nursery, which composts the material. You will find **free** compost bags on the shelf near the napkin return in Langston, thanks to the Environmental Concerns Committee. Please take no more than **2** at a time. Fill a bag with kitchen **food** waste, tie it tightly, and put it on the conveyor belt in Langston for the kitchen staff to add to the compost bins. **USE ONLY COMPOSTABLE BAGS!**

### MEET, GREET, AND EAT Returns on Monday, October 22!

Kendal residents enjoy this opportunity to share a meal with other residents with whom they don’t usually eat. Just sign up in advance, come to the Heiser Lounge at **5:30pm**, and draw a number which will correspond to your table in the Fox and Fell or William Penn, where you will meet your tablemates. You get your meals as you usually do, either by ordering from the menu or going to the buffet. There will be no program: just “Meet, Greet, and Eat.”

The **sign-up sheet** will be posted below the open mailboxes on **Mon., Oct. 15**. Only 130 diners can be accommodated, so sign up early! Please help our dining staff by signing up no later than noon on Sat., Oct. 20. Do join us and don’t forget to wear your name tags. The usual dining options in Langston and the Fox and Fell will be available for those who do not want to participate. Because of limited seating, this event is open to Kendal at Oberlin residents only.

~Sheila Eckstein, Sharon Furrow, and Priscilla Steinberg

### New Policy for Brunch in Fox & Fell Dining Room

In response to the feedback from the Resident Satisfaction Survey, we hope to alleviate the long wait time at the Fox & Fell Sunday brunch check-in and buffet by asking for reservations for seating between 11:30am-12:15pm, and for groups of five or more people. Without a reservation, you may be asked to wait in Heiser Lounge before being seated in the dining room.

This new policy should benefit everyone: less wait time in line and hotter food. We welcome your feedback.

~Ann Pilsky

### Thoughtful Eating, Round 2

The response to September’s plant-based meal was very positive. By popular request, the Kendal culinary staff began to plan the menu for another specially prepared meal in October that would be as delicious and as varied as the September meal: Plant-based Indian Cuisine. But the “Taste of India” dinner must be postponed until November due to unexpected staffing complications and the press of 25th Anniversary events.

Once again, seating will be limited to about 20-25 diners and a sign-up sheet will be provided. Look on the activities bulletin board for a poster with the designated November date.
