3. Summary of activities and accomplishments:

This committee explains to the Community how volunteer hours are collected, and then sends out report forms to every resident asking them to tally their volunteer hours for the year.

The committee meets to collect the forms and tally the number of hours in order to make a final report to Barbara Thomas and the community. Hours volunteered by staff as well as residents is included in the final tally. The Care Center keeps a book for all their volunteers to register in, and Jara keeps a color-coded tally of volunteers, both resident and from the wider community.

This final report is published in Kendalite and was used this year in the Oberlin News Tribune to demonstrate Kendal's services to the wider community.

Requests for volunteers are often funneled through this committee and we try to provide this service.
